2. What was the total amount of floorspace (m<sup>2</sup>) in your organization (including occupied and unoccupied space, owned or leased) as of Dec 31, 2016: **4,353 (m<sup>2</sup>)**
3. What was the primary use of that space (office, education, warehousing, health services, lodging, arts and recreation, other)? **Office / Visitor Centres**
4. How many motor vehicles did your organization own or lease as of Dec 31, 2016? **0**

**Briefly describe the top three actions taken by your organization in 2016 to reduce GHG emissions and/or improve sustainability from its operations:**

Action
1. Reduced travel by 18% from 2015/16 to 2016/17 to significantly reduce GHG emissions.
2. Implemented new Human Resource policies that encourage flexible work arrangements that will reduce the draw on energy resources at the office and reduce travel and related emissions to and from work.
3. Moved out of 439 m2 warehouse and consolidate with government warehouse facilities for a more efficient and environmentally friendly footprint.

**Briefly describe plans your organization has for continuing to reduce your GHG emissions in future years:**

- Work with Shared Services and issue a RFP for reduced space for current 1,826 m2 Vancouver office.
- Continue to reduce both in-province and out of province travel.
- Continue to promote the use of video conferences and conference calls for meetings that would typically require travel.

**Describe any actions your organization took during 2016 to strengthen its ability to manage the likely effects of climate change in the coming years and decades (e.g., have assessed whether increased frequency of extreme weather events and/or long term changes in climate will affect your organization's infrastructure, its employees and/or its clients.)**

Continued engagement in emergency management planning initiatives with JTST - Tourism Policy Branch, Emergency Management BC, and with tourism industry partners to enhance emergency preparedness and response efforts necessary to address tourism impacts resulting from natural disasters and emergencies. In relation to Climate Change, Destination BC's commitment to emergency management planning supports the three pillars outlined in "Preparing for Climate Change British Columbia's Adaptation Strategy", of Build a strong foundation of knowledge; Make adaptation part of Government's business; and Assess risks and implement priority adaptation actions in sectors.

**Retirement of Offsets:**

In accordance with the requirements of the *Greenhouse Gas Reduction Targets Act* and Carbon Neutral Government Regulation, **Destination BC** (the Organization) is responsible for arranging for the retirement of the offsets obligation reported above for the 2016 calendar year, together with any adjustments reported for past calendar years. The Organization hereby agrees that, in exchange for the Ministry of Environment ensuring that these offsets are retired on the Organization's behalf, the Organization will pay the associated invoice to be issued by the Ministry in an amount equal to \$25 per tonne of offsets retired on its behalf plus GST.
