RESEARCH  
INFORMATION &  
METHODOLOGY

More information, including Local Series, Regional Series, and Provincial-level reporting can be found at [destinationbc.ca/research-insights/type/resident-research/](https://destinationbc.ca/research-insights/type/resident-research/)

Online surveys were completed by BC residents using online panels via Sentis Research

Results are weighted by tourism region, age, and gender to be representative of BC's overall population

Most questions asked in a five-point agreement scale: Strongly Agree (5), Agree (4), Neither Agree nor Disagree (3), Disagree (2), Strongly Disagree (1)

On page 1, top two questions reported as percentage of respondents who answered Strongly Agree (5) and Agree (4). The remaining respondents not included in the reported percentage answered Neither Agree nor Disagree (3), Disagree (2), or Strongly Disagree (1)

Generally, respondents who responded 'Don't Know / Not Sure' were excluded from the results of that question

Regional level results are separated by municipality border using Forward Sortation Areas (FSAs)

The online survey was fielded in November 2025

Total sample size used in this report are as follows:

|         |       |
|---------|-------|
| BC      | 5,409 |
| VCM     | 3,169 |
| Langley | 138   |

Destination British Columbia acknowledges with gratitude the xʷməθkʷəy̓əm (Musqueam Indian Band), Skwxwú7mesh úxwumixw (Squamish Nation), and səliłwətał (Tsleil-Waututh Nation) on whose shared territories we operate our main office. We respectfully recognize that we carry out our work on the territories of Indigenous Peoples throughout BC. We honour our ongoing and developing relationships with First Nations (status and non-status), Inuit, and Métis Peoples. We are on a path of learning and are committed to working together.

Regional and local level results are separated by municipality border using Forward Sortation Areas (FSA). For this report, sortation areas used were as follows:

Langley: V1M, V2Y, V2Z, V3A, V4W
